

DUTY-FREE ENTRY OF CARILLON FOR THE UNIVERSITY
OF CALIFORNIA (SANTA BARBARA)

DECEMBER 10, 1970.—Committed to the Committee of the Whole House on the
State of the Union and ordered to be printed

Mr. MILLS, from the Committee on Ways and Means,
submitted the following

REPORT

[To accompany H.R. 14995]

The Committee on Ways and Means, to whom was referred the bill (H.R. 14995) to provide for the free entry of a carillon for the use of the University of California at Santa Barbara, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

The purpose of H.R. 14995 is to provide duty-free entry of a carillon for the use of the University of California at Santa Barbara.

GENERAL STATEMENT

H.R. 14995 would authorize and direct the Secretary of the Treasury to admit free of duty a carillon for the use of the University of California at Santa Barbara. The bill further provides that if liquidation of the entry has become final, such entry shall be reliquidated and the appropriate refund of duty made.

Your committee is informed that the carillon for the use of the University of California at Santa Barbara was entered in 1969. The aggregate value of the carillon was \$63,046 and total duties of \$8,160.-35 were assessed and were paid. In favorably considering similar bills in the past, your committee has been informed by appropriate agencies of Government, including the Tariff Commission, that such bells are not produced in the United States.

In view of the above, the committee unanimously recommends enactment of H.R. 14995.
